All materials must be approved by CCOF for your operation prior to use.	You may use materials allowed under the National Organic
Program (NOP) standards, available at <a href="https://www.ccof.org/standards">www.ccof.org/standards</a> .	·

## A. Materials

- ▶ Submit this form with your initial application to describe all materials used or planned for use at your operation. CCOF will review all materials listed and provide you with a copy of your Organic System Plan Materials List (OSP Materials List) that includes those materials CCOF has approved for your operation.
- ► After you receive your initial OSP Materials List, you must <u>update it on an ongoing basis to gain CCOF approval of all new materials prior to use</u>. To update your OSP Materials List, use <u>MyCCOF Materials Search</u>, email <u>inbox@ccof.org</u>, or otherwise notify CCOF of requested changes. See our <u>Materials Guide</u> for more details.
- ► CCOF may require additional information prior to approval to protect you and help ensure you do not use materials that will negatively affect your organic certification.
- 1) In the table below, list the following:
  - All crop input materials you use or plan to use in organic crop production, including: fertilizers, pest or disease control
    materials, herbicides, compost and manure, seed treatments (including coatings, pelleting materials, and inoculants), growing
    media (e.g. substrate, planting mix, potting soil), adjuvants, etc.
